# PRESS RELEASE

### **A personal statement from Anne Greig**

I think it is time for me to make a single personal statement with regard to the Facebook campaign going on against me, my supporters and the campaign in general.

There has been a whispering campaign going on for many months now against some of my closest supporters, which since the 'outing' of certain individuals has now surfaced into an all out attack. Their vitriol is designed to do nothing other than to drive a wedge between myself and those who support Hollie and myself in an attempt to leave us exposed to further intimidation, threats and legal action. It will not work.

There have been attempts at goading me into making decisions that I do not wish to make, to make public matters that have nothing to do with anyone other than Hollie and myself, and to publish things that may either break the law, court rulings, gagging orders or any other restrictions already placed upon myself. This I will not do.

Carl is no more influential in this campaign than anyone else, one amongst a few who for a time provided me with safe shelter when I most needed it following the Police/Shropshire Council raid on my home which left it trashed, and he does at my request on occasion accompany me to meetings/court hearings for my personal safety. The attacks on him are wholly unwarranted, and it is their lack of up to date information which is driving those attacks on him.

Belinda is and always has been one of our most trusted colleagues, and the personal attacks on her are designed again to place a wedge between herself and me, with a rather poor attempt at calling her integrity into question. Belinda has my full trust and support.

It is always the tactic of those employed to infiltrate/guide/destroy protest groups and campaigns of this nature to attack or discredit the key elements which keep a campaign going. The media/web outlets, the funding and the core people. What we are seeing at this time is classic of that tactic.

Those supporters who can see through this ploy I thank wholeheartedly, your support over the years has been invaluable and we hope it will continue, to those who are undecided I ask you take a long hard look at the evidence we provided, which we did not publish lightly, after double checking the facts and taking the relevant legal advice.

I only allow those whom I implicitly trust close to Hollie and myself for obvious reasons, and the individuals mentioned in our article are not trusted, having watched as they have carefully guided Robert Green along the wrong path and into Prison, despite best efforts to alert him. So let me make this crystal clear, whilst we have a lot of welcome support north of the border, there is no-one in Scotland who speaks on behalf of, or for any aspect of, the Hollie Demands Justice campaign or the Free Robert Green campaign.

This campaign is now moving on, with new events being organised for Hollie Demands Justice, Free Robert Green and Arrest Angiolini in Oxford, Aberdeen, Truro and London over the coming months to which we hope that you will all add your support.

Hollie and I would like to thank everyone who genuinely wants to see this campaign succeed and to see justice done.

Thank you  
Anne Greig
